TERMS OF SALE

1. Unless specifically otherwise agreed, all products are sold ex seller's warehouse, Holland, and travel throughout at buyer's risk and expense.
2. If products are sold ex seller's warehouse, the cost of cases, of packing and of Netherlands phytopathological inspection, and of any freight, forwarding, insurance, export and import charges, shall be for buyer's account.
These charges shall be due and payable on arrival of the goods at United States or Canadian port.
Unless otherwise instructed, the seller will arrange for transportation and for ordinary insurance coverage to destination.
3. Payment shall be due ninety (90) days from date of invoice; two per cent (2 %) discount will be allowed for payment within thirty (30) days from date of invoice.
4. The seller warrants the goods to be sound and healthy at time of shipment but does not otherwise warrant flowering- or other planting-, growing- or forcing results.
5. If at time of shipment, the buyer shall be in default in the payment of any account owing to any member of the Holland Bulb Exporters' Trade Sub-Group (Ondervakgroep „Export van Bloembollen“) or if the buyer's financial responsibility appears unsatisfactory to the seller, the seller may, at his option, cancel this order, as a whole or in part, provided that he shall promptly advise the buyer of any such cancellation; and the seller shall not be responsible for any damages whatsoever arising from such cancellation.
6. Total or partial failure of the general or of seller's crop, owing to frost, floods, or other natural causes, or loss or damage to seller's stocks by fire or any other cause beyond his control, preventing seller from fully performing the present and/or similar contracts, shall relieve the seller from his obligations under the present contract to a corresponding extent.
7. Whenever the terms of this order call for delivery f.o.b. any place or conveyance in the United States or Canada, the seller shall be required only to arrange for transportation and insurance to the point specified and the seller may, at his election, either prepay freight, insurance and/or other shipping charges, including import duty and arrange to collect same on delivery in a lump sum from the buyer or the buyer shall pay all such charges from warehouse Holland until arrival at such agreed place or conveyance in the United States or Canada. In either case buyer shall be permitted to deduct the charges paid by him to such agreed f.o.b. United States or Canada place or conveyance from the agreed f.o.b. United States or Canada prices.
Notwithstanding any agreement as to delivery at any point other than seller's warehouse, the goods shall in all cases be at buyer's risk from the time they leave the initial point of shipment.
8. All claims hereunder shall be deemed waived unless presented within eight (8) days after receipt of goods. Claims relating to damage to or condition of goods shall be accompanied by Lloyd's survey report or its equivalent, stating full particulars. In case of non arrival of goods at destination within a reasonable time after receiving advice of shipment from Holland, buyer shall notify the seller by telegraph.
9. Cancellation of orders or part thereof will only be accepted when buyer agrees to pay seller his loss of profit; changes in orders may be allowed only if both parties agree thereto.
10. These printed Terms of Sale cannot be altered nor departed from except by mutual consent in writing.

Prices in this catalogue are for American Trade only.
For Canada prices are 5 % higher.

Hyacinths

Name-List of Hyacinths

Hyacinths are not only good for forcing purposes but are also excellent for the garden.

With their bright and cheerful colors, nothing adds more to the beauty of the Spring garden than Hyacinths in beds and borders.

For sizes see page 6.

SINGLE RED AND PINK

ANNE MARIE, clear pink, very early.

GERTRUDE, rosy pink, compact flower, good forcing variety, fine for pots. Also excellent for bedding.

JAN BOS, beautiful rich scarlet, very early.

LADY DERBY, fine pink, large bells, fine shaped bulb.

LA VICTOIRE, brilliant carmine red, large spike, best for forcing and splendid bedder.

MARCONI, deep rosy pink, highly recommended.

PINK PEARL, rosy pink; large spike; early. One of the best pink Hyacinths.

QUEEN OF THE PINKS, lovely bright rosy pink; large spike of fine bells, late forcer. Also good for bedding.

SINGLE WHITE

ARENTINE ARENDSSEN, pure white, large truss and large bells, very early.

EDELWEISS, pure white, sturdy broad compact spike, large fleshy bells, fine early forcer.

L'INNOCENCE, pure white, broad loose spike of elegant form, very large well shaped bells, **early** and excellent for **forcing**, and a good bedder. The **most popular** of all white Hyacinths.

QUEEN OF THE WHITES, pure white, splendid spike, very good for late forcing.

SINGLE LIGHT AND DARK BLUE

BISMARCK, skyblue, large truss, excellent for early forcing.

DR. LIEBER, medium blue.

DR. STRESEMANN, bright blue, large flower.

DUCHESS OF WESTMINSTER, beautiful deep blue with striking white centered bells.

GRAND MAITRE, fine deep porcelain blue.

KING OF THE BLUES, the best dark blue, with splendid, well formed large spike, on short stem; late forcer and good bedder.

MYOSOTIS, pale blue; long spike. Good forcer.

OSTARA, fine porcelain blue, early forcer.

PERLE BRILLIANTE, fine lavender blue, large spike.

QUEEN OF THE BLUES, fine light blue with beautiful silvery shade, large spike. Also extra for bedding.

SINGLE YELLOW

CITY OF HAARLEM, yellow, large spike, extra fine.

PRINCE HENRY, yellow, early forcer.

YELLOW HAMMER, yellow, large broad well shaped spike.

SINGLE VIOLET

LORD BALFOUR, purplish violet, broad fine shaped large truss.

How to order Hyacinths

We offer our Hyacinths in various grades as mentioned below. For selection of varieties we refer to name-list on pages 4—5 and 7.

p. 1000
\$

TOP SIZE HYACINTHS

In this size we offer the finest bulbs which the harvest produces, carefully selected bulbs, producing large flowers

FIRST SIZE HYACINTHS

This size is just one size below top size and these are also large and carefully selected bulbs, producing large flowers. This is also the best size for growing on Hyacinth-glasses.

SECOND SIZE HYACINTHS

This size we can specially recommend for general purposes, these bulbs are excellent for growing in pots and pans and a welcome material for selling in stores.

THIRD SIZE HYACINTHS

Because the flowerspikes of this grade are not as large as those of the larger sized bulbs, this size Hyacinth is recommended for planting 3 or more bulbs in a pot or pan. This grade is also suitable for bedding purposes.

BEDDING HYACINTHS

Named varieties or separate colors

This size is very popular for outside planting. The flowers are not so heavy and will therefore stand rainy and windy weather.

MINIATURE HYACINTHS

Miniature Hyacinths produce very elegant flowers and are of great value for cutflower purposes.

Prepared Hyacinths

(for early forcing)

These Hyacinths are treated in a special way, which make them well suitable for early forcing; they should be potted directly after arrival.

As the Bulbs are lifted early and have to go through a special process, orders for these bulbs must reach us before June 1st.

These Hyacinths offer a welcome material when other Hyacinths and Tulips are not yet ready.

Prepared Hyacinths are suitable for early cutflowers, especially in small sizes.

We recommend the following varieties:

SINGLE RED AND PINK

- ANNE MARIE
- JAN BOS
- LADY DERBY
- PINK PEARL

SINGLE WHITE

- ARENTINE ARENDSSEN
- EDELWEISS
- L'INNOCENCE

SINGLE BLUE

- BISMARCK
- DR. LIEBER
- OSTARA

Darwin Tulips

„THE ARISTOCRATS OF TULIPDOM“

We know of no other Tulips so useful for various purposes, as the Darwin Tulips, with their bright colors, their large flowers on long graceful stems, their wonderful substance and lasting qualities.

The forcing varieties of the Darwins offer the florist unsurpassed material for cutflowers and potplants from the end of January all through the winter, for Easter and Mothersday.

Darwin Tulips are also splendidly suitable for growing in cool greenhouses or under so called „cold glass“.

For bedding, planting in borders and general gardening purposes, as well as for outside grown cutflowers, there are no better and more pleasing Tulips than the glorious Darwins. No May garden is complete without Darwin Tulips, which possess a beauty and attractiveness all their own.

p. 1000

\$

- AFTERGLOW**, fine orange rose with distinct orange edge ..

Single Late or Cottage Tulips

Single Late Tulips flower about at the same time as the Darwin Tulips and this class is specially noted for its wide variation in color, shape and habit of flowers, which make the Single Late Tulips useful also as cut-flowers grown outside.

Although some very good forcing varieties are found amongst the Single Late Tulips, this class is mostly used for bedding, for planting in borders and general gardening purposes for which they are excellently suitable.

p 1000

ADVANCE , fiery red, very large flower	
ALBINO , pure white, large flower, extra for forcing	
ARGO , opening yellow with red spots, changing to reddish orange	
BELLE JAUNE , rich deep yellow .*.

- ZOMERSCHOON**, salmon pink, flaked creamy white
- COLLECTION IN BEST NAMED VARIETIES**, our choice
- FINE MIXTURE**

Lily Flowering Tulips

The Lily-flowering Tulips belong to the Single Late- or Cottage Tulips and bloom at the same time. They are so called on account of their shape, more or less resembling Lilies. They are fine for borders and their elegant graceful shape makes them very desirable for cutflowers, grown outside.

p. 1000

- ALASKA**, pure yellow, sweet scented
- BEVERLEY**, bright orange red
- CAPTAIN FRYATT**, garnet red, violet blue center
- GOLDEN DUCHESS**, golden yellow

- TANTALUS**, yellowish shaded violet
- VELVET KING (DREADNOUGHT)**, purple violet
- COLLECTION OF BEST NAMED VARIETIES**, our choice
- MIXED VARIETIES**

Triumph Tulips

The Triumph Tulip is the result of a crossing between early Tulips and Darwin Tulips. They have the stem of the Darwin and make beautiful pans for Easter. Their outstanding colors and strong habit make them very attractive for planting in the garden where they take a special place as they bloom between the early- and the Darwin- and other late flowering kinds, and so fill the gap between these classes.

With their strong habit, beautiful and unusual colors, Triumph Tulips are very effective in the garden.

p. 1000
\$

- ALBERIO**, cerise scarlet, yellowish edge, good for pots, fine bedder

- JOHN EVELYN**, large overlapping ivory white perianth; large flat apricot crown, heavily frilled. A beautiful variety, medium early
- MARION CRAN**, yellow perianth, cup orange
- MONIQUE**, perianth white, cup golden yellow
- MRS. R. O. BACKHOUSE**, ivory white perianth, graceful apricot pink trumpet with deeply fringed edge

- ORANGE GLOW**, large, broad soft yellow perianth; large flat glowing orange cup, beautifully frilled. Early
- SCARLET ELEGANCE**, perianth deep yellow, cup deep orange red, scarlet edge, outstanding variety
- SEMPER AVANTI**, creamy white perianth, large bright orange cup, good for pots
- SOLARIO**, perianth pure white, large canary yellow cup, semi trumpet
- TUNIS**, broad white overlapping perianth; large cup, soft primrose shaded gold. Extra for show and garden. Early..

SMALL CUPPED NARCISSI

(Cup or crown not more than one third the length of the perianth segments.)

- EDWARD BUXTON**, light yellow perianth, deep orange cup
- FIRETAIL**, creamy white perianth, deep carmine scarlet cup.
Tall stem
- LADY DIANA MANNERS**, well expanded broad white perianth; large flat orange crown, broadly margined deep red.
Medium late
- LADY MOORE**, creamy white perianth; large golden yellow cup, deeply edged orange scarlet. Good for forcing. Early
- LA RIANTE**, perianth pure white, cup deep red, medium early
- MRS. BARCLAY**, creamy white perianth with large overlapping petals; large flat yellow cup, with scarlet edge
- VERGER**, pure white perianth, deep red cup, medium early.
Fine novelty

POETICUS

- ACTAEA**, large pure white perianth of perfect shape; brilliant scarlet eye. The tallest and finest Poeticus. Medium early
- ORNATUS MAXIMUS**, pure white, round perianth, scarlet margined eye, early forcer
- SARCHEDON**, pure white perianth; striking eye with scarlet edge. Large. Medium early

POETAZ

p. 1000

\$

- CHEERFULNESS** (the double Poetaz Elvira), white perianth with full double center of white and yellow, 2 to 4 flowers on a stem. Medium early
- CRAGFORD**, the earliest and best novelty; white perianth, orange crown
- EARLY PERFECTION**, creamy white perianth with lemon yellow cup. Tall, Early forcer, 4 to 6 flowers on a stem
- GERANIUM**, round flat pure white perianth; deep orange red cup. Late. One of the best in this class. Strong stem, 6 to 8 flowers on a stem
- LA FIANCEE**, large creamy white perianth; flat orange cup. Very fine. 5 to 8 flowers on a stem. Early
- LAURENS KOSTER**, well known forcing variety. Early and free flowering. White perianth; deep yellow cup. 4 to 6 flowers on a stem
- L'INNOCENCE**, pure white perianth; cup canary yellow. Large and one of the best whites. Early and good for forcing. Average 5 flowers on a stem
- SCARLET GEM**, primrose yellow perianth; cup deep orange. Very striking and attractive, 5 to 6 flowers on a stem. Early
- ST. AGNES**, perianth pure white; cup orange red, 2 to 3 flowers on a stem. Medium early

DOUBLE DAFFODILS

- ALBUS PLENUS ODORATUS**, pure white, very late
- DAPHNE**, pure snow white. Shape like a Gardenia. Medium late
- HOLLAND'S GLORY**, the double Emperor. Large full double flower, pale yellow. Medium early
- INGLESCOMBE**, uniform pale yellow. Fine formed flower of good substance. Medium early.....
- INSULINDE**, white with orange red center. Very fine. Early..
- LIVIA**, sulphur yellow and orange
- MARY COPELAND**, outer petals pure creamy white, inner petals lemon yellow and brilliant orange. Extra for the garden
- TEXAS**, pale yellow with orange red petals through the center. Very beautiful. Early
- TWINK**, semidouble, primrose with inner petals of light orange. Very attractive. Tall strong stem. Early
- VAN SION (TELAMONIUS PLENUS)**, yellow trumpet and petals; large flower on strong erect stem, fine for pots

JONQUILLA AND CAMPERNELLI

p. 1000

\$

CAMPERNELLI ODORUS RUGULOSUS SINGLE, golden yellow flowers, two to four to a stem. Fragrant

CAMPERNELLI ODORUS RUGULOSUS PLENUS, heads of fragrant elegant double golden yellow flowers on tall stem

CAMPERNELLI ODORUS RUGULOSUS ORANGE QUEEN, rich deep orange yellow flowers, two or three to a stem. Free flowering, very striking

GOLDEN PERFECTION, golden yellow

GOLDEN SCEPTRE, giant Jonquil, deep golden yellow. Refined elegant flowers of good substance, sweet scented, medium early

Bulbs *for Rockgardens*

Rockgardening, so popular nowadays, can be made more attractive by the use of bulbs, well selected for this purpose.

The bulbfamily comprises many kinds which can be used to great advantage.

Rockgardens do not reach their prime until Summer, but when **Bulbs** are used the flowering period of a rockgarden will be extended considerably, as Bulbs produce a rich variety of form and color during early Spring.

Deep, welldrained pockets of soil are required for planting the bulbs.

The following kinds will be found of special merit: Tulip species: Chrysantha, Eichleri, Fosteriana Red Emperor, Kaufmanniana Varieties, Praestans Fusilier, further Miscellaneous Bulbs such as Crocus, Muscari (Grape Hyacinths), Eranthis (Winter Aconite), Galanthus (Snowdrops), Chionodoxa (Glory of the Snow), Fritillaria Meleagris (Guinea Henflower), Scilla sibirica and also the later flowering Scilla campanulata and nutans varieties (Wood-Hyacinths).

Very attractive and useful for Rockgardens, are also the dainty miniature Daffodils listed under „Various Narcissus“.

Further: Anemone, Allium Moly, Erythronium, Iris reticulata, Tritoleia.

**You can make a profit
by selling bulbs for rockgardens**
